

SUNCROFT NATIONAL SCHOOL

Policy Number: 26 - COPYRIGHT LICENCE POLICY REV: 2

Book publishers and software companies employ highly qualified staff and spend large amounts of money to produce the books, videos, DVDs and software that we use. When we specifically purchase a software package, we are actually buying the licence to use it.

The Irish Copyright Licensing Agency has an agreement with the CPSMA, whereby the ICLA offers photocopy licences to Primary schools for a 3 year period. The school has purchased into this scheme and it enables us to copy limited extracts from copyright material and over-rides the “All rights reserved” warning on a book or periodical.

The school also pays licensing fees for other areas as we are made aware of them by relevant authorities.

REVISED AND UP-DATED: 3rd MARCH 2011
